

# The WCCTV 4G HD Mini Dome

Wireless CCTV (WCCTV) is the market leader for rapid deployment surveillance solutions specifically designed to deliver video securely and efficiently via 4G LTE networks.

WCCTV's product portfolio includes rapid deployment pole cameras, solar-powered mobile video surveillance trailers, 4G LTE-enabled body cameras and time lapse video services.

## The WCCTV 4G HD Mini Dome

WCCTV's 4G HD Mini Dome is a rapid deployment pole camera specifically designed for mobile video surveillance applications. It delivers live and recorded high definition video images via 4G LTE networks.

As a completely all-in-one portable video surveillance solution, it combines a PTZ camera, local recording capacity (up to 4TB) and wireless transmission technology into a compact, lightweight unit.

WCCTV's pole cameras are designed to be easy to install, maintain, and can be quickly moved to new locations if your surveillance requirements change.

Live and recorded video is accessed via 4G LTE, 3G and Wi-Fi connectivity, making it simple to remotely view and download the video via smartphone, tablet, computer or from an existing video management system.

The system also contains video analytics functionality providing verification and alerts allowing for automated and intelligent surveillance.

The unit features an additional input channel, allowing the addition of a secondary camera such as an LPR camera, secondary PTZ camera or static camera for Time Lapse Video applications - or the addition of accessories such as solar packs and the WCCTV Blue Light alarm system.

## Service and Support

At WCCTV, we understand that each unique deployment of Mobile Video Surveillance cameras has different objectives, challenges and requirements.

That's why we have invested not just in world-leading technology, but also in the support services that enable our clients to effectively deploy their systems, get the results they desire and make their lives easier.

Services we provide include:

- Dedicated Telephone Support Team
- Remote Commissioning
- Assistance by WCCTV Engineers
- Performance Reports
- Onsite Training
- Remote Training
- Online Interactive Training Guides and Videos
- Service and Support Bundles

## Features & Benefits

- HD video (up to 1080p)
- 4G LTE, 3G, Wi-Fi and IP
- 3MP day/night camera (0.005 lux, B/W: 0.01 lux)
- Video analytics rule sets
- Remote control and config of PTZ functionality, presets and auto-tours
- Remote access to live and recorded footage via smartphone, tablet and computer
- Low power usage
- ONVIF compatible
- Easy to install and maintain
- Lightweight unit (9 lbs)

## Possible Applications

- Law enforcement video surveillance and force multiplier
- Business and parking lot protection
- Government and city safety monitoring
- Public safety/crowd management
- Downtown cameras
- Parks and recreation
- Events safety and security

General	Dimensions (HxWxD)	13.7" x 7.5" x 7"
	Operating Temperature Range	-22 to +122°F
	Power	110-240 Volt input (mains powered) or 12 Volt DC (battery powered)
	Power Consumption	24W (mains powered)
	Weight	13 lbs
Video	Video Inputs	2
	Operation	Simultaneous live, record, playback, remote access
	Optical / Digital Zoom	20x / 16x
	Resolution of Camera	Up to 1080p
	Maximum PPS	25
	Recording	Proprietary narrowband algorithm
	MultiMode (Recording Algorithms)	Dynamically changes record rates and compression settings for the camera
	Snapshot Video Clip	Yes
	Video Motion Search	Yes
	Archive Protection	Yes - protect against overwrite
	Wireless Communication	Supported via suitable interface - GSM, GPRS, UMTS, HSDPA, HSCSD, CDMA, 4G LTE
	Storage	Internal Capacity
HDD Types		Removable SATA hard disk drive
Export		HSUPA/ network / optional removable SATA hard disk drive
Alarms	Alarms	2 camera control, 1 alarm, 1 arming / disarming and 1 auxiliary inputs
	Alarm Function Support	Alarm log, event search, pre-event recording
	Alarm Reporting	Yes - to a remote site via email
	Display Alarm on PC Monitor	Yes or Network / HSUPA / 4G LTE
	Relays	2 relays - system error and/or remote control purposes
	Video Motion Detection	Yes
Networking	Remote PC Client	Client Software Free Download
	Remote Web Browser Client	Viewing
	Password Protected	Yes
	Remote Smartphone (iPhone) Compatible	
	Remote Tablet (iPad) Compatible	
	Software Upgrade	Internet/ HSUPA / 4G LTE/ back to back PC
Warranty	12 months warranty with options for extended warranty
