

# WCCTV HD Time Lapse Video

Wireless CCTV (WCCTV) is the market leader for rapid deployment surveillance solutions specifically designed to deliver video securely and efficiently via 4G LTE networks.

WCCTV's product portfolio includes rapid deployment pole cameras, solar powered mobile video surveillance trailers, 4G LTE-enabled body cameras and time lapse video services.

## WCCTV Time Lapse Video

WCCTV's combined Time Lapse Video and rapid deployment pole camera system utilizes the additional input channels of either a WCCTV 4G IR Mini Dome +, WCCTV 4G IR Mini Dome or WCCTV 4G HD Mini Dome to integrate a specialized High Definition Time Lapse Video camera.

This unique all-in-one rapid-deployment video system combines mobile video surveillance and all the features and benefits of pole camera range with advanced Time Lapse Video recording technology.

WCCTV provides full video editing and production services following the completion of your construction, demolition or refit project, and will work with you to create a time lapse video to your exact specifications.

We take the time to understand your objectives to ensure you receive a time lapse video that highlights your projects perfectly.

You will also be provided with access to WCCTV's dedicated online time lapse portal, where you can review images and footage, download progress videos and even embed the live stream into your websites.
