

Duncanville PD: Crime Hotspot Monitoring

The Challenge

In common with most urban areas, the City of Duncanville has to deal with the threat of break-ins to vehicles & local businesses on a regular basis. The Police department spends many man hours investigating these crimes.

Duncanville PD required a rapidly deployable, autonomous security solution that could help identify suspects in these cases, with the ability to be relocated to new areas as required.

The Solution

WCCTV provided the Duncanville PD, with a reliable solution in the form of the WCCTV Solar Mini Dome.

The WCCTV Solar Mini Dome combines a 3.2MP PTZ day/night camera, up to 4TB of built-in recording, built-in video analytics, Verizon-certified video transmission & complete power autonomy via a bespoke solar package.

The cameras can be remotely controlled with full 360-degree pan, tilt & zoom (PTZ) functionality from any internet-connected device including, PCs, Laptops, mobile devices or integrated into existing VMS platforms.

Duncanville PD: Crime Hotspot Monitoring

The Result

Duncanville PD has benefited from WCCTV 4G Mini Dome as the compact system provides a remotely accessible, 24/7 mobile patrol of the local businesses and parking lots; acting as a visual deterrent to would-be vandals & assisting identifying suspects.

The lightweight and self-contained nature of this system enabled the Duncanville PD to rapidly deploy the camera to protect businesses and parking lots from vandals around the city as and when required, without the expense of additional infrastructures.

The Quote

"The WCCTV Mini Dome with Solar is very ideal and proved to be the perfect all-in-one redeployable video system helping with public space monitoring and deterring anti-social behavior.

The built-in analytics further aided our force by providing pro-active security."

Features & Benefits of the WCCTV Mini Dome

- All-in-one rapidly deployable video system with space saving camera mounting
- Remote control with full 360° pan, tilt and zoom
- Remote access to live and recorded digital footage
- Easy install (streetlight, column, building)
- Control room integration
- IP65 rated
- 2TB internal storage
- US assembled
- Rapidly redeployable
