WCCTV BODY WORN CAMERA (RECORD)

WCCTV's Body Worn Camera (Record) captures video, audio and pictures on the move. Designed and manufactured in the UK to meet and exceed recommended standards for Body Worn Cameras, it boasts a wide range of market-leading functionality. Key features include playback up to 1080p at up to 30 frames per second, with all recordings capturing vital metadata such as date, time, GPS location, device number and user details to ensure evidential integrity.

The unit also contains inbuilt Wi-Fi capability to provide live video transmission and wireless downloading of footage when in range. The WCCTV Body Worn Camera (Record)'s simple, yet functional design lends itself to ease of use, with a simple one-button record mechanism.

Its lightweight yet durable housing is IP65 rated to protect from dust and water damage and can operate in temperatures from -20°C to +80°C. The device has an illuminated 2.8" front-facing screen - proven to reduce conflict and aggression - and a 120-second pre-event recording buffer to ensure incidents are not missed. The WCCTV Body Worn Camera (Record)'s rechargeable battery provides an operating time of up to 17 hours in standby mode or 7 hours in full recording mode.

Charging and downloading of footage can be facilitated via WCCTV's Smart Hub - Docking and Charging Cradles removing the requirement for multiple adapters.

PRODUCT VARIANTS

Connect+

12 hours of video and live transmission via 4G connectivity

EXAMPLE APPLICATIONS

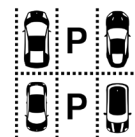

Lone Workers

Emergency Response

Rail Conductors

Parking Enforcement

Security Guards

Remote Site Inspections

Workforce Protection

Police & Civil Enforcement

Door Supervisors

Night-time Operators

PRODUCT SPECIFICATION

General	Dimensions (HxWxD)	115mm x 65mm x 25mm
	Operating Temperature Range	-20 to +55°C
	Power	Li-Polymer battery
	Weight	200G
	Playback Resolution	Up to 1080p
Video	Operation	Record and playback
	Metadata	Date, time and GPS
	Maximum FPS	30
	Recording	H.264
	Snapshot Video Clip	Yes
	Encryption	128 AES video encryption
Storage	Pre-event Recording	30 seconds, 60 second, 90 second or 120 second pre-event recording buffer
	Archive Protection	Yes - protect against overwriting
	Internal Capacity	16GB, 32GB, 64GB, 128GB
	Storage Device	microSD Card
Operation	Export	USB Interface / Removable SD Card
	Battery Time (Recording)	7 hours, full HD resolution, 25fps
	Battery Time (Standby)	17 hours
	Display Screen	2.8 inch TFT colour display with QVGA resolution (320 pixels height and 240 pixels width)
	Light	LED white-light 5m illumination for day/night recording
	Charging	Standard USB charging with 500mA on a USB Host (PC, external powered USB hub) Fast USB charging with a 2A on an USB Charger WCCTV Smart Hub charging options available
	Network	LTE, 4G, 3G, GPRS, Wi-Fi 802.11n
Warranty	12 months warranty with options for extended warranty
